Black gum tree

Plants for a Livable Delaware

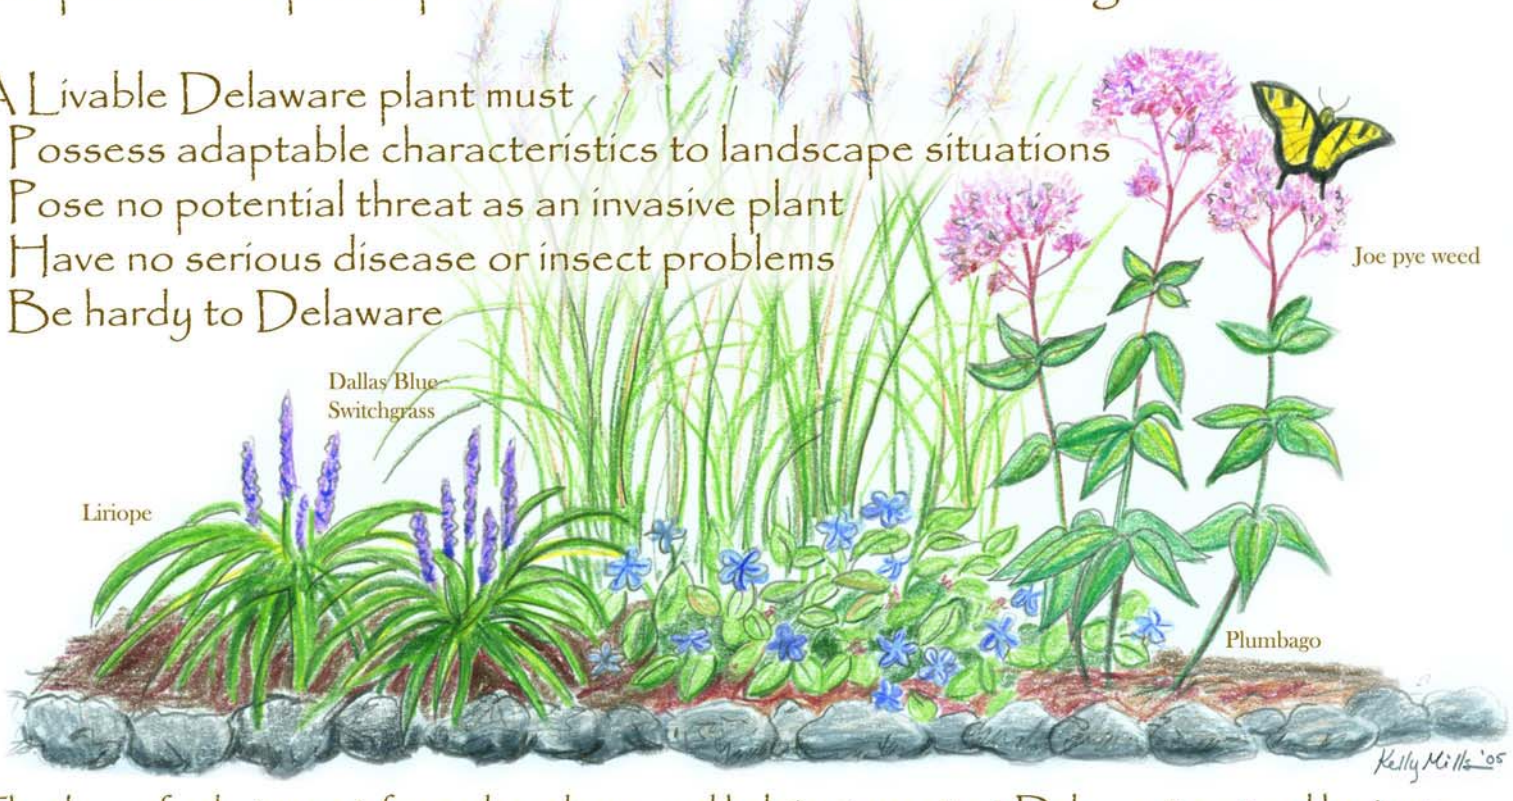
Hay-scented fern

Participating Businesses

Plants for a Livable Delaware is a campaign to identify and promote superior plants that thrive without becoming invasive.

A Livable Delaware plant must

- Possess adaptable characteristics to landscape situations
- Pose no potential threat as an invasive plant
- Have no serious disease or insect problems
- Be hardy to Delaware



Thank you for being an informed gardener, and helping to protect Delaware's natural heritage.
