DOWNTOWN DEVELOPMENT DISTRICTS (DDD)

Spring 2017 Funding Round

DDD Grant Program Guidelines

Introduction

A. Downtown Development Districts Act

The Downtown Development Districts Act (Act) was created to leverage state resources in a limited number of designated areas in Delaware's cities and towns to:

- spur private capital investment;
- stimulate job growth and improve the commercial vitality of our cities and towns; and
- help build a stable community of long-term residents in our downtowns and other neighborhoods.

1. DSHA's Role

Under this Act, funding was allocated through the General Assembly to DSHA for the purpose of establishing and administering the DDD Grant Program.

General Limitations

- DSHA is authorized to establish additional qualifying criteria with respect to uses (residential, commercial, industrial, etc.) or types of projects (rehabilitation, new construction, etc.).
- DSHA is authorized to amend the required Minimum Qualified Investment Threshold (MQIT) established initially by the Act.
- DSHA is authorized to prioritize particular types of uses or projects in one or more Districts.
- DSHA is authorized to establish such other limitations in one or more Districts as DSHA shall determine from time to time, but no more often than once per year.

2. Designated Districts

Applications for District designations are evaluated by members of the Cabinet Committee on State Planning Issues. The committee then provides its recommendations to the Governor. The Governor designates the Districts.

The Governor has designated the following areas as DDD Districts:

- **January 11, 2015** Dover, Seaford and Wilmington
- **August 10, 2016** Georgetown, Harrington, Laurel, Milford and Smyrna

Additional information including the corresponding District Plans and maps for each District may be accessed at the following link: <http://www.stateplanning.delaware.gov/ddd/>.

3. State and Local Incentives

State and local incentives are available to investors who invest in real property within a designated DDD District. Information for most DDD incentives may be accessed at <http://www.stateplanning.delaware.gov/ddd/incentives/incentives.shtml>.

- **DDD Grant:** A DDD Grant is available to Qualified District Investors (Investors) who make a Qualified Real Property Investment (QRPI) to a commercial, industrial, residential, and/or mixed-use building or facility located within the boundary of a designated District.
- **Historic Preservation Tax Credits:** The Act allocates 30 percent of the State’s yearly allocation of Historic Preservation Tax Credits to be reserved for projects within a designated District.
- **State and County Incentives:** Incentives to facilitate the revitalization of a designated District.
- **Municipal Incentives:** Each municipality must implement incentives specific to the designated District within its jurisdiction and to the identified projects in the District Plan.

Examples of municipal incentives may include, but are not limited to:

- reduction or waiver in fees or taxes
- permit process reform
- special zoning districts or exemptions from local ordinances
- façade improvement grants

Investors should contact the administrator of the designated District in which they are investing for guidance regarding incentives other than the DDD Grant.

Spring 2017 Application Round

A. Important Dates

- **March 14, 2017:** Funding Round officially opens. All finalized program documentation and application forms may be accessed from DSHA’s website at http://www.destatehousing.com/Developers/dv_ddd.php.
- **May 15, 2017:** Large Project Reservation applications are due to DSHA by **4:00 p.m.**

Small Project Lite-Reservations and Small Project DDD Grants are accepted for funding on a rolling basis, *as long as funding is available*. Please contact DSHA regarding funding availability.

B. Available Funding and Award Limits

- DSHA has established two funding set-asides for DDD Grant awards, the **Small Project Set-Aside** and the **Large Project Set-Aside**, to ensure a variety of projects have ample access to the DDD funding.
- The Large Project Set-Aside is divided into a General Pool and a District Pool to ensure all Districts have reasonable access to the DDD funding. As with the initial round of funding for the first three designated Districts, DSHA has allocated 50% of the Large Project Set-Aside to each of the pools. District allocations are based on the populations of each District.

- District allocations are based on the populations of each District.

FUNDING SET-ASIDE	AVAILABLE	MQIT ⁽¹⁾	MAXIMUM AWARD
SMALL Project Set-Aside *	\$ 1,700,000	\$ 15,000	\$50,000 per building or facility
LARGE Project Set-Aside **	\$ 4,549,368	\$ 25,000	\$1,500,000 per building or facility ⁽²⁾

* Approximate balance. Applications processed daily.

**BREAKDOWN OF LARGE PROJECT SET-ASIDE		
General Pool		\$ 2,274,684
District Pool		\$ 2,274,684
Dover	\$ 316,181	
Seaford	\$ 79,614	
Wilmington	\$ 1,044,080	
Georgetown	\$ 266,138	
Harrington	\$ 88,713	
Laurel	\$ 79,614	
Milford	\$ 225,193	
Smyrna	\$ 175,151	
TOTAL LARGE PROJECT		\$ 4,549,368

⁽¹⁾ The Minimum Qualified Investment Threshold (MQIT) for Large Projects is the minimum amount of Qualified Real Property Investments (QRPI) required to be made by an Investor to qualify for a Large Project DDD Grant. The MQIT for Large Projects is treated similarly to a deductible and is **not** eligible for a Grant. The MQIT for Small Projects is the required minimum investment only and is eligible for a Grant.

⁽²⁾ DDD Grants are limited to \$1,500,000 per building or facility within a five-consecutive-year period, starting with the year in which a grant is first awarded or reserved. A \$1,500,000 Grant requires a QRPI greater than \$41,000,000.

General Program Requirements and Guidelines

A. Eligible Applicants

- Investors that make a QRPI that meets minimum threshold requirements are eligible to apply for a DDD Grant. Eligible applicants include: property owners (occupant or non-occupant), tenants, for-profit developers, nonprofit organizations, businesses, and homeowners.

Please note: When applying as a tenant or an owner of space within a building, supplemental forms verifying coordination with the owner of the property, other tenants and/or other owners are required.

- Federal, state and local governments are **not** eligible for a DDD Grant Award.

B. Minimum Threshold Requirements

- The QRPI must be made within the boundary of a designated DDD.
- The QRPI must be made **after** the date the real property is officially incorporated within the boundary of a designated District.
- The QRPI must be made in conformance with the approved District plan.
- The QRPI must be in **excess** of the required MQIT. For Large Projects the MQIT is treated similar to a deductible and is **not** eligible for a grant.
- The Investor must meet site control requirements (e.g. legal title, sales agreement or owner's consent).

C. Eligible Expenses

- Capital investments **necessary** for the **rehabilitation, expansion, or new construction** of commercial, industrial, residential (including multi-family), or mixed-use buildings or facilities located within the boundary of a District.
- Only expenses that are properly chargeable to a capital account and incurred **after** the date the real property is officially incorporated within the boundary of a designated District are eligible for grant consideration.
- Eligible costs are generally referred to as “hard costs” and are associated with the building structure. This includes labor and materials required to construct the building envelope and the building interior.

Examples of **eligible** expenses include:

- Exterior, interior, structural, mechanical, electrical and accessibility improvements to the building or facility
- Excavations*
- Grading and paving*
- Installing driveways*
- Landscaping or land improvements*
- Investor-owned Solar Panels**
- Demolition of a building (**only** when replaced with a new building)

Please refer to **Appendix B**
for detailed definitions of
eligible costs.

**Must be in conjunction with the new construction or rehabilitation of a building or facility and meet requirements as defined in Appendix B.*

*** Must be in conjunction with the new construction or rehabilitation of a building or facility; investor must own solar panels and be the eligible recipient of the Renewable Energy Tax Credit; panels must be attached to the building (rooftop); free standing solar panel systems and solar farms are considered **ineligible** for this program.*

D. Ineligible Activities and Expenses

DSHA reserves the right to determine an activity or expense ineligible, as deemed necessary.

1. Ineligible Activities

- a. ‘Adult Entertainment Establishments’ as defined in 24 Del. C. 16, check cashing facilities, gambling facilities, liquor stores *, pawn or gun shops, tanning salons, tattoo parlors, vape shops, tobacco-only retailers or recreation-only marijuana retailers.

** DSHA has elected to consider, as eligible, businesses that sell alcohol, as long as food is also sold and alcohol is available for purchase by the glass, as well as by the bottle. Businesses where alcohol is manufactured on premises are eligible under the industrial qualification.*

- b. Federal, state and local government owned buildings or operated businesses, including but not limited to, the following:

- Libraries, post offices, public safety services such as police

- c. General maintenance type repairs

- Replacement of an existing HVAC is eligible; however, a repair to an existing system is **not** eligible

- Replacement of an existing faucet is eligible; however, a repair to the existing faucet is **not** eligible
- Service calls

2. Ineligible Expenses

- Costs generally referred to as “soft costs” are considered ineligible.
- Costs associated with a business operation located in the building/facility are considered ineligible.
- Generally costs chargeable to furniture, fixtures and equipment are considered ineligible.

Examples of **ineligible** expenses:

- Appraisal, architectural, engineering, bids or interior designs
- Land or building acquisition and all associated costs
- Temporary facilities
- Legal, accounting, realtor, sales, marketing, consultant or other professional fees
- Loan fees, capitalized interest
- Computer and network setup service calls and associated fees
- Machinery, tools or other equipment
- Expenses relating to the operation of a business such as, but not limited to: Brewery and distillery equipment; manufacturing/production line equipment; restaurant and bar equipment; barber/salon chairs; audio/video systems, computers, monitors or televisions; and removable shelving.
- Permits, user fees, zoning fees, impact fees, inspection fees, environmental testing fees
- Bonding, closing costs, insurance
- Rent loss
- Site utilities, utility hookups, disconnection or access fees
- Outbuildings (if ancillary to function of the main building)
- Signage, signs or roads
- Blinds or other window treatments
- Furnishings

Please contact DSHA for questions regarding eligibility of an activity or expense.

E. Federal and State ADA Regulations

Depending on building use, some projects may be required to include accessibility improvements. Please contact your state and local municipality’s inspection and planning department for accessibility requirement information. Projects that do **not** adhere to accessibility requirements may **not** be eligible for a DDD Grant.

F. Third-Party Contractor Requirements

The State’s Division of Revenue requires all contractors working in Delaware to be licensed in Delaware. Work **not** performed by a Delaware licensed third-party contractor will have the following limitations:

- labor costs associated with the work performed are **not** considered an eligible expense
- cost of miscellaneous materials and supplies **necessary** to perform the work may be accumulated and included in the QRPI as “General Supplies” up to a maximum of \$500

G. Cash Expenditures

Cash transactions are **highly discouraged** and require confirmation of transaction from both parties. The inclusion of such costs in the final QRPI will be determined solely by DSHA.

H. Placed in Service Date

1. Placed in Service Date Defined

Placed in Service Date is defined as the date in which the final, approved **Certificate of Occupancy (CO)** or the approved **Final Building Inspection** is issued for the work done to the building or facility. If a CO or a Final Building Inspection is **not** required by the municipality, the Investor must obtain a letter from the municipality stating such, and DSHA will determine the Placed in Service Date based on invoice documentation.

2. Importance of Placed in Service Date Documentation

The final placed in service document **required** * by the jurisdiction must be submitted to DSHA by the Investor in order to qualify for a Grant. The Investor has **60 days** from the placed in service date to apply to DSHA for a Grant. Applications for Grants received **after this date** will be considered **ineligible** for funding, unless otherwise approved by DSHA.

Investors must comply with all state and local municipality permit and inspection processes to be eligible for a DDD Grant.

**If the nature of the project requires a Certificate of Occupancy, an Investor cannot apply with a final building inspection even if a final building inspection was issued prior to a Certificate of Occupancy.*

I. Taxability of Grant Award

Under Internal Revenue Service regulations, grant awards may be considered taxable income. An IRS 1099 Form will be issued to all Investors that receive a Grant award. For tax-related questions, please contact your tax professional for guidance.

J. The Delaware Freedom of Information Act

By submitting a Small or Large Project Application, the applicant acknowledges and agrees that the Application shall be deemed a “public record” for the purposes of the Delaware Freedom of Information Act (“FOIA”), codified at 29 Del. C. §§ 10001 - 10005.

If information included in an Application is exempt from disclosure as trade secrets or commercial or financial information of a privileged or confidential nature, DSHA will protect such information from disclosure to the extent permitted by § 10002(g)(2) of FOIA. DSHA shall determine in its discretion whether Application material is exempt from disclosure as a trade secret or confidential or proprietary information. Applicant acknowledges and agrees that any portion of the Application which is determined by DSHA to **not** constitute confidential financial or trade secret information exempt from disclosure under FOIA shall be subject to public examination and copying.

It is the policy of DSHA not to release to any third party any Application materials until after the ranking of projects, and allocation of Reservations or Grant funds has been announced. DSHA expressly reserves its authority to withhold all such information from third party requests pending

the completion of the ranking process, to the extent permitted by FOIA. DSHA will endeavor to respond to FOIA requests for application materials as promptly as possible, and absent unusual circumstances, will release to any requesting party public documents related to application materials within **fifteen (15)** business days of a written request.

Small Project Set-Aside and Application Information

A. Small Project Set-Aside

Regulations required for larger, more complex projects can be cost prohibitive to smaller Investors. As a result, DSHA established a Small Project set-aside to ensure that small Investors have ample access to DDD Grant funds.

- The Small Project set-aside is for program eligible Investors that make a **QRPI between \$15,000 and \$250,000**. In addition, Investors that make a QRPI above this limit may also apply; however, the grant award will be based on a capped QRPI of \$250,000 with a **maximum grant award of \$50,000**.
- Program eligible Investors that make a **\$15,000 or greater QRPI** are eligible for a grant award in an amount equivalent to **20% of the QRPI up to \$50,000 per building or facility**.

1. Calculation of Small Project Grant Award

Calculation	Example 1	Example 2
Eligible QRPI	\$ 200,000	\$ 300,000
Maximum QRPI Allowed	\$ 250,000	\$ 250,000
Final QRPI (lower of the two)	\$ 200,000	\$ 250,000
Multiplier	.20	.20
DDD Grant Award	\$ 40,000	\$ 50,000

B. Small Project Application Process

Small Project Investors have the option to apply for a Lite-Reservation **or** wait and apply for a grant award after the project is fully completed and placed in service.

- Small Project Lite-Reservations and DDD Grant applications are accepted by DSHA on a rolling basis, *as long as funding is available*.

1. Lite-Reservation

The Lite-Reservation is designed to provide the Investor with the assurance that funding will be available upon completion of the project.

- Only applications that meet eligibility and minimum threshold requirements and successfully satisfy all application requirements will be considered qualified for a Lite-Reservation Award.
- Based on eligible project costs, DSHA will reserve **up to \$50,000** for **up to six months**.

a. Applying for a Lite-Reservation Award

To apply for a Lite-Reservation an Investor must meet eligibility and minimum threshold requirements and submit the following documentation to DSHA:

- Small Project Lite-Reservation Application
- Project Description
- Project Location in District
- Project Conformity to the District Plan
- Proof of Site Control (e.g. legal deed, signed agreement of sale, owner's consent)
- Proof of Property Condition (digital photos)
- Copy of approved Building Permit
 - If Building Permit is not required by municipality, Investor must demonstrate such with a letter from the municipality.
- Estimate of eligible costs (e.g. copy of contractor's bid or estimate)

Application materials can be accessed at www.destatehousing.com/DDD

**The burden will be on the applicant to demonstrate both the location within and conformance with District Plan; however, both DSHA and the Districts are available for assistance. DSHA will make the final determination on adequacy of Applicant's supporting documentation.*

b. Lite-Reservation Award

- DSHA will process Reservation applications upon receipt of **all** required documentation.
- Lite-Reservation Awards **expire six (6) months from the date of issue.** Investors may request a Reservation extension if construction of the Investment is well underway prior to the expiration date of the original Reservation. Expired Reservations will be reallocated to either the Small Project or Large Project set-aside, at DSHA's sole discretion.
- Small Project Investors with an expired Reservation still have the opportunity to apply within **60 days** of the building or facility being placed in service, as long as funding is available.
- Lite-Reservation Awards may be rescinded if:
 - Project is not complete within six months of Reservation Award
 - Nature of project changes from that of the original application
 - Change in ownership of the property

2. Small Project Grant Application

Small Project Investors with or without a Lite-Reservation Award may apply to DSHA for a DDD Grant once a project is fully completed, placed in service, and all project costs have been paid in full.

a. Applying for a Small Project Grant Award

Investors with or without a Lite-Reservation Award must apply to DSHA for a DDD Grant within **60 days** of the building or facility being placed in service.

To apply for a DDD Grant Award an Investor must meet eligibility and minimum threshold requirements, and submit the following documentation to DSHA:

- Small Project Grant Application
- Copy of Lite-Reservation Award, if applicable
- Project Description
- Proof of Site Control
- Proof of Property Condition (digital photos)
- Placed in Service Documentation
- Project Conformity to District Plan
- Project Budget
- Completed W-9 Form
- Proof of Investment
 - Copies of Invoices/Receipts for eligible QRPI
 - Proof of Payments for eligible QRPI (e.g. cancelled checks, paid credit card statements)
- Optional Application Exhibits, **if applicable**
 - Multiple-Owner Form (includes multiple owner coordination)
 - Tenant Owner Consent (includes multiple tenant coordination)

Application materials may be accessed at www.destatehousing.com/DDD

b. Application Review and Inspection

DSHA will review DDD Grant applications for program compliance and as part of the review process a DSHA Inspector will conduct a physical inspection of the real property investment.

Inspection will include, but is not limited, to the following:

- Building or facility use
- Parcel location
- Square footage of use types
- Conformity with Scope of Work outlined in application and Reservation application
- Verification that work performed matches documentation of QRPI submitted

During the review process DSHA reserves the right to request additional support documentation as needed.

c. Small Project Grant Award

- DDD Grant Awards will be disbursed within **60 days** from the date DSHA receives **all** required application and support documentation.
- The Final DDD Grant Award may be less than the Lite-Reservation amount, but **not** greater. If the final QRPI exceeds the Reservation QRPI, an investor may request additional grant funds, but **only if funding is available**.
- If Small Project funding is exhausted, applications will be placed on hold in the order of receipt. DSHA may choose to fund Small Project applications on hold with unused funds from the Large Project funding set-aside or other available sources at DSHA's sole discretion.

Large Project Set-Aside Requirements and Application Information

A. Large Project Set-Aside

The Large Project set-aside is divided into a General Pool and a District Pool to ensure all Districts have reasonable access to the DDD funding. Available funding is divided equally between the two funding pools and allocated to the designated Districts based on District populations.

- The Large Project set-aside is for program eligible Investors (e.g. owners or tenants with owner's permission) that make a QRPI in excess of the MQIT * that **exceeds** \$250,000.

** The Minimum Qualified Investment Threshold (MQIT) for Large Projects is the minimum amount of Qualified Real Property Investment (QRPI) required to be made by an Investor to qualify for a Large Project DDD Grant. The MQIT for Large Projects is treated similar to a deductible and is **not** eligible for a Grant.*

- Program eligible Investors are eligible for a grant award in an amount equivalent to **20% of the QRPI** in excess of the MQIT **up to \$500,000** per building or facility.
- Grant awards in **excess** of \$500,000 or \$2,525,000 in QRPI will be calculated at a lower rate up to **\$1,500,000 per building or facility** as demonstrated in the chart below.

1. Additional Minimum Threshold Requirements for Large Projects

In addition to the minimum threshold requirements, Large Project applicants are required to:

- Demonstrate readiness to initiate and complete project within **three (3) years** from date of Reservation.
- Demonstrate project's ability to be 15% substantially commenced within **one (1) year** from date of Reservation. DSHA will verify at one year mark that at least 15% of all heavy construction activity has been completed.
- Engage with a Certified Public Accountant (CPA) to perform an Attestation of Costs. Costs associated with the Attestation are **not** considered grant eligible and therefore may not be included in the QRPI calculation.

2. Additional Eligibility Criteria for Large Projects

- Large Projects that have completed **more than 35%** of the estimated QRPI **prior** to the date the real property location is officially incorporated within the boundary of the designated District are **not** eligible for grant consideration.
- Large Projects that will place in service within **60 days** of application deadline are **not** eligible for grant consideration.

3. Calculation of Large Project Grant Award

Calculation Examples	Example 1	Example 2
QRPI	\$ 600,000	\$ 3,750,000
Minus MQIT	\$ 25,000	\$ 25,000
Eligible QRPI	\$ 575,000	\$ 3,725,000
Multiplier	.20	Refer to Chart
DDD Grant	\$ 115,000	\$ 528,000

INVESTMENT RANGE			DDD GRANT
\$2,525,000	-	\$3,500,000	\$500,000
\$3,500,001	-	\$4,500,000	\$528,000
\$4,500,001	-	\$5,500,000	\$557,000
\$5,500,001	-	\$6,500,000	\$585,000
\$6,500,001	-	\$7,500,000	\$614,000
\$7,500,001	-	\$8,500,000	\$642,000
\$8,500,001	-	\$9,500,000	\$671,000
\$9,500,001	-	\$10,500,000	\$700,000
\$10,500,001	-	\$11,500,000	\$728,000
\$11,500,001	-	\$12,500,000	\$757,000
\$12,500,001	-	\$13,500,000	\$785,000
\$13,500,001	-	\$14,500,000	\$814,000
\$14,500,001	-	\$15,500,000	\$843,000
\$15,500,001	-	\$16,500,000	\$871,000
\$16,500,001	-	\$17,500,000	\$900,000
\$17,500,001	-	\$18,500,000	\$928,000
\$18,500,001	-	\$19,500,000	\$957,000
\$19,500,001	-	\$20,000,000	\$986,000
\$20,000,001	-	\$21,500,000	\$1,000,000
\$21,500,001	-	\$22,500,000	\$1,024,000

INVESTMENT RANGE			DDD GRANT
\$22,500,001	-	\$23,500,000	\$1,048,000
\$23,500,001	-	\$24,500,000	\$1,072,000
\$24,500,001	-	\$25,500,000	\$1,096,000
\$25,500,001	-	\$26,500,000	\$1,120,000
\$26,500,001	-	\$27,500,000	\$1,144,000
\$27,500,001	-	\$28,500,000	\$1,168,000
\$28,500,001	-	\$29,500,000	\$1,192,000
\$29,500,001	-	\$30,500,000	\$1,216,000
\$30,500,001	-	\$31,500,000	\$1,240,000
\$31,500,001	-	\$32,500,000	\$1,264,000
\$32,500,001	-	\$33,500,000	\$1,288,000
\$33,500,001	-	\$34,500,000	\$1,312,000
\$34,500,001	-	\$35,500,000	\$1,336,000
\$35,500,001	-	\$36,500,000	\$1,360,000
\$36,500,001	-	\$37,500,000	\$1,384,000
\$37,500,001	-	\$38,500,000	\$1,408,000
\$38,500,001	-	\$39,500,000	\$1,432,000
\$39,500,001	-	\$40,500,000	\$1,456,000
\$40,500,001	-	\$41,000,000	\$1,480,000
\$41,000,001	-	<i>and over</i>	\$1,500,000

B. Large Project Reservation Application Process

Large Project Investors **must** apply for a grant Reservation in order to receive grant funding. The Reservation process is designed to provide assurance to the Investor that funding will be available upon completion of the project.

C. Applying for a Large Project Reservation

To apply for a Reservation an Investor must meet eligibility and minimum threshold requirements and submit the following documentation to DSHA by the established application deadline:

- Large Project Reservation Application
- Required Application Exhibits
 - Project Description
 - Proof of Site Control (e.g. legal deed, signed agreement of sale, owner’s consent)
 - Project Location in District (map)

- Project Conformity to District Plan
- Project Timeline
- Demonstration of Funding Priorities (information used for ranking of applications)
- Project Budget (total development costs)
- Proof of Property Condition (digital photos)
 - If project construction is already underway, the Investor must provide documentation, from the General Contractor, of expenditures to date in a signed and notarized document.
- Completed W-9 Form
- Optional Application Exhibits
 - Multiple-Owner Form (includes multiple owner coordination)
 - Tenant Owner Consent (includes multiple tenant coordination)

1. Application Review and Ranking

Only applications that meet eligibility and minimum threshold requirements and successfully satisfy all application documentation requirements will be considered eligible for Reservation consideration. All other applications will be deemed ineligible and will **not** go forward to the review and ranking process.

In the event the total Reservation application requests **exceed** available funding, Reservation requests will be reviewed and ranked. Applications will be scored based on the following project priority considerations:

- Identified as a priority project in the District Plan
- Readiness to proceed
- Creates permanent jobs
- Expands housing opportunities
- Protects historic resources
- Actively reuses existing practices
- Promotes sustainable practices (LEED Silver)

Please refer to Appendix C and D for detailed information regarding Priority Scoring.

2. Reservation Award

- DSHA will make the final determination of the Reservation amount.
- DSHA will announce Reservation Awards within **60 days** of the application deadline.
- Reservation Awardees will receive notification by email. Following email notification an official Reservation Award letter that includes Conditions of Funding will be sent via regular mail. Awardees will be given **15 days** to sign and return Reservation Award. Awards **not** accepted within the 15 day period may be forfeited.
- A Reservation Award may be rescinded due to:
 - Project not being 15% substantially commenced within 12 months of Reservation date *
 - Project not complete within 3 years from Reservation date
 - Nature of project changes from original application
 - Change in ownership of property

** An Investor may receive one 6 month extension with written approval from DSHA. Where it is determined that the project will not be 15% substantially commenced within the required timeframe, DSHA will notify the Investor in writing that the Reservation that the project has forfeited their Reservation. Forfeited Reservations will be reallocated to either the Large Project or Small Project set-aside, at DSHA's sole discretion.*

- DSHA reserves the right, at its sole discretion, to reserve a portion of funds for Reservation for a year subsequent to the current year for a highly ranked project that received only a partial Reservation from the current year due solely to limited funding availability. DSHA shall only “forward commit” funds from the immediately following year’s allocation and not in an amount greater than the balance of the funds available in the current year, after the highest ranked projects have received their full Reservation.

3. “Substantially Commenced” Requirement

Investors receiving a Large Project Reservation must demonstrate to DSHA the ability for their project to be “substantially commenced” within 12 months from the date of Reservation at the time of application. Furthermore, Investors are required to provide evidence to DSHA that the Investment is “substantially commenced” at the one year benchmark to avoid the Reservation being forfeited.

For an Investment to be considered “substantially commenced” a minimum of 15% of the “qualified” expenditures related to real construction activity must be expended, meaning physical construction or rehabilitation of the building or facility must be underway. This status will be verified through site inspection, request for written verification of expenditures and any additional information DSHA may request.

Investors not able to pass the “substantially commenced” test may apply for a one-time six (6) month Reservation extension. Investors must demonstrate to DSHA the ability to be “substantially commenced” within the six month extension period in order for DSHA to grant an extension. DSHA will notify Investors in writing that an extension has been approved.

DSHA will notify Investors in writing when an Investment has not passed the “substantially commenced” test, it has been determined that an extension is not feasible and the Reservation is therefore being forfeited. Forfeited Reservations will be reallocated to either the Large Project or Small Project set-aside, at DSHA's sole discretion.

4. Attestation of Costs

Eligible costs associated with Large Project investments must be attested to by a Delaware licensed Certified Public Accountant (CPA). An Attestation of Costs must be submitted to DSHA within **60 days** of project being placed in service, in order for a project to be eligible to receive grant funds. DSHA highly recommends that Investors engage with a CPA early on in the project to meet this deadline. Costs associated with the preparation of the Attestation are **not** eligible for a grant and may **not** be included in the QRPI.

DSHA's Attestation of Costs Procedures, along with required forms can be accessed at www.destatehousing.com/DDD.

D. Final Grant Award

Large Project Investors **must** apply for a grant Reservation in order to receive grant funding. Once a project **with** a Reservation is fully completed, placed in service and all costs associated with the QRPI have been paid in full and the Attestation of Costs has been completed, an Investor may submit a Grant Disbursement Request.

If the Attestation of Costs demonstrates a final QRPI that **exceeds** the Reservation amount, the Investor can request a review for consideration of additional grant funds. Such requests will be based on funding availability and solely at the discretion of DSHA. In any case, costs associated with project changes not included in original Reservation application will not be considered.

1. Request for Disbursement of Grant Award

Investors **with** a Reservation Award must submit the following information to DSHA within **60 days** of the building or facility being placed in service to receive the final Grant Award:

- Copy of Original Reservation Award
- Placed in Service Documentation
- CPA Attestation of Costs
 - Attestation of eligible costs
 - Grant Disbursement Request form
- Description of Final Scope of Work
- Demonstration that Project Priority Considerations have been met, if applicable
- Digital Photographs of completed building or facility
- Completed W-9 Form

2. Compliance Review and Inspection

DSHA will review all documentation for compliance with the program and, as part of this review will conduct a physical inspection of the property to confirm the project conforms to the project scope outlined in the Reservation Award.

The inspection will include, but is not limited to, verifying the following:

- Parcel location
- Building or facility use
- Number of stories
- Square footage; if residential, number of units
- Project Priority Considerations have been met, if applicable

3. Grant Award

- Investors can expect to receive a Grant Award within 60 days from the date DSHA receives the CPA's Attestation of Costs, Request for Disbursement and **all** required support documentation. DSHA reserves the right to request additional documentation as needed.
- Final Grant Awards may be less than the Reservation amount, but **not** greater.
- DSHA, at its sole discretion, will determine the final Grant Award.

Application Submission and DSHA Contact Information

Instruction for submitting applications to DSHA are included in each of the applications. If you have any questions regarding the DDD Grant Program or the application process, please contact:

Penny Pierson, DDD Program Manager

Penny@destatehousing.com or 302-739-4263

Appendix A: DDD Grant Program Related Definitions

- **Building:** defined as any construction meeting the ordinarily accepted meaning of the term, usually a roofed and walled structure built for permanent use where: (1) areas separated by interior floors or other horizontal assemblies and (2) areas separated by fire walls or other vertical assemblies shall not be construed to constitute separate buildings, irrespective of having separate addresses, ownership or tax assessment configurations, unless there is a property line contiguous with the fire wall or vertical assembly.
- **DSHA:** defined as the Delaware State Housing Authority.
- **Downtown Development District or District:** defined as an area within a municipality or unincorporated area designated as a Downtown Development District by the Governor in accordance with Chapter 19 of Title 22.
- **District Plan:** defined as the strategic plan or other detailed description of the overall strategy for the development of a proposed district submitted by the municipality or unincorporated area as part of its application for District designation.
- **DDD Grant:** defined as a Downtown Development District Grant
- **Facility:** defined as a complex of buildings, co-located at a single physical location within a District, all of which are necessary to facilitate the conduct of the same residential, trade, or business use. This definition applies to new construction as well as to the rehabilitation and expansion of existing structures. Multi-family rental developments described as “scattered site” will be considered a single facility for DDD Grant purposes. An exception is made only for scattered site homeownership units developed by a non-profit.
- **Minimum Qualified Investment Threshold or MQIT:** defined as the minimum level of Qualified Real Property Investment required to be made by an Investor in a building or facility in order to qualify for a DDD Grant. Notwithstanding the foregoing, for beginning with the fiscal year ending June 30, 2015, the Minimum Qualified Investment Threshold shall be \$15,000 or \$25,000 (depending on project size) per building or a facility. No more often than once per year, DSHA may amend the Minimum Qualified Investment Threshold with respect to uses (residential, commercial, industrial, etc.), types of projects (rehabilitation, new construction, etc.), or other criteria determined by DSHA to be necessary or convenient to accomplish the purposes of this program. Notwithstanding the foregoing, no investment in the rehabilitation, expansion, or construction of any building or facility in a District shall count toward meeting the Minimum Qualified Investment Threshold unless it is performed in accordance with the District Plan and **after** the date the real property is officially incorporated within the boundary of a designated District.

- **Mixed-Use:** defined as a building or facility that blends a combination of residential, commercial, or industrial uses.
- **Municipality:** defined as any incorporated town or city of this State.
- **Permanent Full-Time Position:** defined as a job of indefinite duration at a business firm located in a designated District, requiring the employee to report to work within the District; and requiring (i) a minimum of 35 hours of an employee's time per week for the entire normal year of a business firm's operation, which a normal year must consist of 48 weeks, (ii) a minimum of 35 hours of an employee's time per week for the portion of the calendar year in which the employee was initially hired for or transferred to the business firm, or (iii) a minimum of 1,680 hours per year. Such positions shall not include: (i) seasonal, temporary, or contract positions, (ii) a position created when a job function is shifted from an existing location in the State to a business firm located with an District, (iii) any position that previously existed in the State, or (iv) positions created by a business that is simultaneously closing facilities in other areas of the State.
- **Qualified District Investor or Investor:** defined as an owner or tenant of real property located within a District who expands, rehabilitates or constructs such real property for residential, commercial, industrial or mixed use. In the case of a tenant, the amounts of qualified real property investment specified in this section shall relate to the proportion of the building or facility for which the tenant holds a valid lease. In the case of an owner of an individual unit within a common interest community, as such term is defined in 25 Del.C. § 81-103(11), the amounts of qualified real property investments specified in this chapter shall relate to that proportion of the building for which the owner holds title and not to common elements.
- **Qualified Real Property Investment or QRPI:** defined as the amount that is properly chargeable to a capital account for improvements to rehabilitate, expand or construct depreciable real property placed in service within a District. Specific inclusions and exclusions from the definition of "Qualified Real Property Investment" shall be determined by DSHA, but such definition shall generally include expenditures associated with (i) any exterior, interior, structural, mechanical or electrical improvements necessary to construct, expand or rehabilitate a building or facility for residential, commercial, industrial, or mixed use; (ii) excavations; (iii) grading and paving; (iv) installing driveways; (v) landscaping or land improvements; and (vi) demolition (must result in construction of a new building). Notwithstanding the foregoing, no investment in the rehabilitation, expansion, or construction of any building or facility in a District shall be a Qualified Real Property Investment unless it is performed in accordance with the District Plan and **after** the date the real property is officially incorporated within the boundary of a designated District.
- **Street Level Pedestrian Friendly Use:** A use provided at street level that generates significant foot traffic. Street level grocery, retail, restaurant, and entertainment uses are considered pedestrian friendly. Other uses qualify if they generate street level pedestrian activity for at least 13 hours per day or provide street-level uses that generate at least 400 users a day.
- **Substantially Commenced:** For the Investment to be considered "substantially commenced" a minimum of 15% of the "qualified" expenditures related to real construction activity must be expended, meaning physical construction of the Investment must be underway. This status may be verified through site inspection and request for written verification of expenditures.

Appendix B: Eligible Cost Definitions by Line Item

In addition to the following defined terms, expenditures central to the activities of a commercial, industrial or multi-family residential real property investment will be considered eligible if the expenditure adds value to the property, requires a licensed professional to install or disconnect and requires a permit to remove, or is considered necessary to receive a Certificate of Occupancy, and is **not** considered an ineligible expense by definition below or under the Ineligible Activities and Expenses section of the Program Guidelines.

General Maintenance Repairs

Repairs made to existing systems located within a building/facility are considered ineligible for this program. For example:

- Replacement of an existing HVAC is eligible; however, a repair to an existing system is **not** eligible
- Replacement of an existing faucet is eligible; however, a repair to the existing faucet is **not** eligible
- Service calls

Appliances

- **Residential:** Costs associated with non-commercial appliances that are considered *necessary* to receive a Certificate of Occupancy (CO). *A letter from the District stating the appliance is necessary for a CO is required. Appliances for projects that do not require a CO are considered ineligible.*
- **Commercial:** Costs associated with commercial appliances considered part of the permanent structure that are considered *necessary*, add value to the building, require a licensed professional to install, disconnect and generally requires a permit to remove. Commercial grade appliances such as: a walk-in or built-in refrigerator/freezer or a range/stove and hood system.

Building Environmental Remediation - Cost associated with the removal (including disposal fees) or remediation of asbestos, lead-based paint or other environmentally hazardous substances. *Testing fees are considered soft costs and therefore ineligible.*

Carpeting - Costs associated with all carpeting, padding, and carpet tiles for units, buildings or facility.

Concrete - Costs associated with any concrete foundation work, flat, slab, sidewalk or curb work, and miscellaneous gypcrete work. *A letter from the District confirming sidewalk or curb work is necessary to place in service is required.*

Demolition - Costs include wrecking, destroying or tearing down of non-essential buildings or structures. For rehabilitation projects, costs include demolishing existing walls, floors, ceilings, roofs, non-essential buildings, etc., and disposal fees directly related to the demolition. Demolition costs are eligible only if the end result is a new or rehabilitated building or facility.

Doors and Frames - Costs associated with interior and exterior doors, metal or wood frames, hardware for doors and lock systems, hinges and doorstops. *New hardware is eligible **only if door is replaced.***

Drywall - Costs associated with gypsum board, spackling, tape and finishing work.

Electrical - Costs associated with all wiring for the interior and exterior of the buildings including, but not limited to, devices, electrical boxes, switches, paddle and exhaust fans, light fixtures, outlets, cable and phone lines and parking area lighting only when the end result is a new or rehabilitated building or facility.

Elevators - Costs associated with the purchase and installation of elevators.

Exterior Siding - Costs associated with all exterior siding, including, but not limited to, vinyl, concrete plank, stucco, moisture and thermal protection (Tyvek), all associated trim, fypons, and architectural millwork.

Finished Carpentry - Costs associated with installing kitchen and bathroom cabinetry, installation of doors and windows, trim, window sills, baseboards, and casework.

Fire Alarm/Security Systems - Costs associated with close circuit/security cameras, fire alarm/annunciation panels, electronic entry systems, nurse/emergency call systems.

Flooring/VCT/Vinyl/VCP - Costs associated with the purchase and installation of vinyl, VCP plank, engineered flooring, underlayment, sheet goods, ceramic tiles, stained concrete, or VCT flooring for the building.

General Conditions

- General Conditions for the DDD Grant program ***cannot exceed 10% of the construction hard costs excluding overhead and profit and must be documented by invoices, canceled checks, time sheets, logs, etc.***
- Costs associated with general trade items (i.e. carpentry, plumbing, HVAC, etc.), particularly employees of the General Contractor, are **NOT** eligible under General Conditions.
- All of the costs listed below must be incurred for labor or materials supplied at the job site except as otherwise noted herein. The items will vary due to project type, location and site conditions. ***All charges for material or labor must be at cost, with no mark-up and no indirect costs.***

Eligible General Conditions Costs include:

Cleanup, cleanup labor, rubbish disposal, dumpsters for construction debris only, Project Construction Site Manager and Project Superintendent salaries, general labor, labor for material movement on site, watchmen's or other security wages, large equipment rental (if equipment is owned by General Contractor, costs charged must be at the local rental rates), truck or car expense of site supervisor, field office expense and minor field office supplies, small tools and supplies, theft and vandalism (if supported by a police report and not covered by insurance).

HVAC - Costs associated with installation and products for heating and air conditioning for the units and common areas (must be code compliant). ***Repairs to existing equipment are ineligible.***

Insulation - Costs associated with all insulations located at slabs/footers, walls, floors, attic areas, including batt, blown-in, spray-on, fire stopping and rigid types.

Joint Sealant - Costs associated with interior and exterior caulking including but not limited to, all bathroom and kitchen areas, trim, baseboards, fire-stopping and all exterior areas.

Kitchen and Bathroom Cabinets - Costs of the kitchen and bathroom cabinets, including all base and wall cabinets, countertops, side and wall splash guards, and bathroom vanity.

Masonry - Costs associated with any block, brick, or stonework, including foundation footings, paving, restoration/power washing, re-pointing, and acid washing.

Metals/Gutters/Downspouts - Costs associated with miscellaneous metals and drip edge, fascia, headers, columns, and interior and exterior metal railings. Steel stairs, beams and other structural metals are included.

Painting - Costs associated with all interior and exterior painting as defined in the specifications and manufacturer's recommendations.

Paving/Driveways/Parking - Costs include construction of parking areas, driveways, and striping, re-surfacing, seal-coating, parking bumpers. *Costs are considered eligible as long as they are in conjunction with the new construction or rehabilitation of a building or facility.*

Plumbing - Costs associated with all rough and finished plumbing, included but limited to, hot and cold water supplies, sanitary connections, venting, purchase and setting of fixtures (toilets, tubs, sinks, showers, dishwashers, garbage disposals, water heaters, hose bibs, laundry rooms).

Roofing - Costs associated with all roofs, including but not limited to, shingles, vents, metal flashing, underlayment, ice shields and rubber roofs.

Rough Carpentry - Costs associated with all framing, additions, setting trusses and roof, wall or floor sheathing.

Site Improvements/Landscaping - Costs associated with plantings, grass/sod/mulch/weed blocker, decorative stone, and landscaping timbers, *only when items are required to place in service. A letter from the District confirming site improvement or landscaping is necessary to place in service is required.*

Site Grading - Costs include stripping top soil, stock piling and grading, rough and finish grading, and imported fill material.

Solar Panels - Must be in conjunction with the new construction or rehabilitation of a building or facility; investor must own solar panels and be the eligible recipient of the Renewable Energy Tax Credit; panels must be attached to the building (rooftop); free standing solar panel systems and solar farms are considered **ineligible** expenses. Costs include: solar panels and associated operating equipment. Service fees are considered **ineligible** expenses.

Specialties - Costs include fire extinguishers, handicap accessibility requirements, unit and building identification numbers, permanent shelving/closet linen/vinyl coated components.

Sprinklers - Costs associated with code compliant fire protection sprinkler system and all associated pertinent equipment.

Toilet Accessories - Costs associated with shower rods, grab bars, towel bars, toilet paper holders, mirrors, and medicine cabinets for the units or facility.

Windows - Costs associated with all windows and patio doors, including screens.

Appendix C: Priority Considerations

PRIORITY CONSIDERATIONS	SCORE
IDENTIFIED AS PRIORITY PROJECT	
<ul style="list-style-type: none"> Identified in District Plan as Priority Project 	3
READINESS TO PROCEED	
<ul style="list-style-type: none"> Building permits secured prior to Reservation application 	2
CREATES PERMANENT JOBS	
<ul style="list-style-type: none"> Creates <u>5</u> or more permanent full-time positions * 	1
<ul style="list-style-type: none"> Creates <u>20</u> or more permanent full-time positions * 	2
CREATES OR SUSTAINS MIXED-USE DEVELOPMENT **	
<ul style="list-style-type: none"> Includes residential above 1st floor 	1
<ul style="list-style-type: none"> Includes at least <u>2</u> uses vertically mixed 	0.5
<ul style="list-style-type: none"> <u>And</u> street level pedestrian friendly uses* 	0.5
EXPANDS HOUSING OPPORTUNITIES	
<ul style="list-style-type: none"> Provides a mixture of housing types or tenure 	1
<ul style="list-style-type: none"> Creates homeownership or converts rental to homeownership via non-profit entity 	1
PROTECTS HISTORIC RESOURCES	
<ul style="list-style-type: none"> Preserves or reuses buildings of historical significance 	1
ADAPTIVELY REUSES EXISTING STRUCTURES	
<ul style="list-style-type: none"> Adapts old structures for new purposes while retaining architectural uniqueness 	1
PROMOTES SUSTAINABLE PRACTICES	
<ul style="list-style-type: none"> Receives U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Silver certification. Refer to Appendix E for available funding and requirements. 	2
<ul style="list-style-type: none"> Participates in a Delaware Sustainable Energy Utility (DSEU) Program. Refer to Appendix F for available DSEU Programs. 	1

*See Appendix A for definitions.

** Creates a mix of uses within a new building/facility OR sustains mixed use within an existing building/facility that, without this assistance, mixed-use is not possible.

Appendix D: Priority Considerations Required Documentation

PRIORITY	DOCUMENTATION
PROJECT IDENTIFIED AS PRIORITY PROJECT	
<ul style="list-style-type: none"> Identified in District Plan as Priority Project 	Reference page in DDD plan
READINESS TO PROCEED	
<ul style="list-style-type: none"> Building permits secured prior to Reservation application 	Copy of obtained building permit, dated appropriately to allow activity to commence within a time frame that allows for completion in accordance with District Grant
CREATES PERMANENT JOBS	
<ul style="list-style-type: none"> Creates 5 or more permanent full-time positions * 	Documentation of employer commitment along with number of permanent full-time employees *
<ul style="list-style-type: none"> Creates 20 or more permanent full-time positions * 	
CREATES OR SUSTAINS MIXED-USE DEVELOPMENT	
<ul style="list-style-type: none"> Includes residential above 1st floor 	Verified from proposal and site plan
<ul style="list-style-type: none"> Includes at least 2 uses vertically mixed 	Verified from proposal and site plan
<ul style="list-style-type: none"> <u>And</u> street level pedestrian friendly uses * 	Verified from proposal and site plan
EXPANDS HOUSING OPPORTUNITIES	
<ul style="list-style-type: none"> Provides a mixture of housing types or tenure 	Verified from proposal and site plan to provide two or more housing types (i.e., single family, attached, multi-family) and/or both homeownership and rental
<ul style="list-style-type: none"> Creates homeownership or converts rental to homeownership via non-profit entity 	A non-profit applicant with stated proposal (mission and proof of 501©3)
PROTECTS HISTORIC RESOURCES	
<ul style="list-style-type: none"> Preserves or reuses buildings of historical significance 	Copy of SHPO determination of 'Part 1 – Certification of Historic Property', SHP Tax Credit Application
ADAPTIVELY REUSES EXISTING STRUCTURES	
<ul style="list-style-type: none"> Adapts old structures for new purposes while retaining architectural uniqueness 	Verified from proposal, site plan, pictures and proposal for reuse
PROMOTES SUSTAINABLE PRACTICES	
<ul style="list-style-type: none"> Receives LEED Silver certification 	Refer to Appendix E for available funding and requirements
<ul style="list-style-type: none"> Participates in a Delaware Sustainable Energy Utility (DSEU) Program Refer to Appendix F for DSEU Programs 	Submitted with Reservation application - Signed DSEU letter certifying participation Submitted with Final application - Signed DSEU letter certifying completion

* See Appendix A for definitions

Appendix E: Promoting Sustainable Practices

Sustainable Practices are practices essential for the future of environmental protection or that positively benefit the environment of a community. The DDD Grant program seeks to promote sustainable practices by incentivizing projects that achieve high energy-efficiency; reduce the carbon footprint of the community; or, protect the many residents who are unable to pay high bills associated with keeping homes comfortable and safe during extreme weather. Sustainable Practices are encouraged as follows:

- When Reservation applications for Large Projects **exceed** the funding allocated, then Reservation requests that address one or more Priority Considerations, including Promotes Sustainable Practices, will receive points according to the scoring guidelines outlined in Appendix C.
- DSHA received a Strategic Opportunity Funds for Adaptation (SOFA) grant to pay for third-party costs associated with achieving the U.S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Silver certification. *These costs are not eligible expenses under the DDD grant and will not "double-dip" DDD grant funds.* This grant is capped at **\$30,000 per building or facility** regardless of documented third-party costs.

Process for applicants pursuing LEED Silver certification

- Submitted with Reservation application:
 - A completed and signed LEED Letter of Intent
 - A copy of the developer's contract with a LEED Accredited Professional (or LEED consultant)
 - A copy of LEED Accredited Professional certificate or list of experience
- Reservation Award Letter will include requirement to submit following within 60 days:
 - A copy of the LEED scorecard
 - A copy of the online Design Review printout
 - Contact information for USGBC LEED contact who will review project and approve certification
- During DDD Project Construction
 - Review applicant's LEEDOnline.com documentation showing the progress on the LEED requirements every 6 months
- Building is Complete and Certified
 - Applicant submits copy of their GCBI LEED Silver certification and the \$30,000 is disbursed.

Applicants can submit documentation of third-party costs along the design, development, and certification process. However, DSHA will not disburse SOFA funds until project is completed, LEED Silver certification obtained, and documentation of third-party expenses is submitted to DSHA.

If you are interested in applying or have questions regarding DSHA's DDD SOFA grant, please contact **Hilary Austin or Karen Horton at 739-4263**

This grant is available only to applicants receiving DDD grant funds.

Appendix F: Delaware Sustainable Energy Utility (DSEU) Program

NAME	DESCRIPTION
Solar Renewable Energy Credits (SREC) Banking Program	Using its legal authority to bank Solar Renewable Energy Credits (SRECs) the SEU can assist in the financing of Solar Photovoltaic (PV) arrays by acquiring SREC's from new construction projects, holding the SRECs for a future buyer who is contracted at the time of construction. The SEU used this authority to assist in the financing of the Dover Sun Park Project in 2010 which is among the largest solar facilities in the country.
SREC Procurement Program	The SEU operates the Delaware SREC Procurement Program under contract with Delmarva Power. The SEU acquires SREC's from existing and proposed owners of solar arrays for Delmarva Power. The program is operated as an on-line annual auction held in the Spring of each year. The program is designed by the Delaware Renewable Energy Task Force and is approved by the Public Service Commission. http://www.srecdelaware.com/
Delaware Green 4 Green Program	The SEU provides incentives for newly constructed residential homes in Delaware. The current program is being redesigned to offer incentives to home builders; the incentive levels and standards have not yet been finalized. The goal is to shift the market to be more efficient than current residential energy building codes and move the residential market toward net zero energy capable. The program will be administered through a third party contractor; the Home Builders Association of Delaware is a key program partner. http://degreen4green.com/
Low Interest Loan Program for Business and Non-profits	The SEU provides direct low-interest loans to businesses, non-profits, and governments for the purpose of financing Energy Efficiency Measures (ECM's), Renewable Energy Projects, Alternative Fuel Vehicles and Infrastructure and carbon emissions reduction measures. Loans can range between \$25,000 and \$1 Million. Loan terms are based on payback of the efficiency measures. Rates can vary from 50% to 120% of the AA 20 year municipal bond index. The borrower must be credit qualified. http://www.energizedelaware.org/Efficiency-Plus-Business-Program/
SEU Energy Assessments for Non-profits and local governments	The SEU provides direct low-interest loans to businesses, non-profits, and governments for the purpose of financing Energy Efficiency Measures (ECM's), Renewable Energy Projects, Alternative Fuel Vehicles and Infrastructure and carbon emissions reduction measures. Loans can range between \$25,000 and \$1 Million. Loan terms are based on payback of the efficiency measures. Rates can vary from 50% to 120% of the AA 20 year municipal bond index. The borrower must be credit qualified. http://www.energizedelaware.org/Efficiency-Plus-Business-Program/
Home Performance with ENERGY STAR – Downtown Development District	This program offers energy audits at a cost of \$100 to the homeowner, rebates and 5.99% low-interest loans to implement energy savings recommendations identified through the audit. Individual rebates range from \$150 to \$1,000, with a total eligible rebate amount of \$6,750 (Up to \$7,825 through 12/31/2016 with increased incentives for HVAC measures). In addition to the audit, participants will get direct install measures such as energy efficient light bulbs and smart power strips. Financing is available up to \$25,000 with a ten year term, participants must be credit eligible. http://www.energizedelaware.org/Home-Performance-with-Energy-Star/ <i>The DDD program is a variation of this Home Performance Program listed above. Greater rebates for audits and implemented energy efficiency measures for those who live in designated DDD districts.</i> http://www.energizedelaware.org/Downtown-District-Development-Program/

NAME	DESCRIPTION
Assisted Home Performance Program	This program is a variation of the Home Performance Program listed above. Greater rebates for audits and implemented energy efficiency measures for those individuals that are income qualified. The SEU has partnered with Catholic Charities to complete the income qualification verification for this program. http://www.energizedelaware.org/Assisted-Home-Performance/
SEU-Cinnaire Loans Multiple Units and Non-Profits Serving Low and Moderate Income Families	The SEU has joined with Cinnaire and its member banks in establishing a low-interest loan fund to assist Low and Moderate Family Housing providers and Non-profits who serve low and moderate income families. The SEU will provide a portion of the capital for these projects and will be taking a top loss position for the purpose of reducing the risk to the member banks allowing for lower interest rates. This partnership is bringing an additional \$9 million in capital funding.
Commercial Solar Thermal & Geothermal Incentive Grants	The SEU provides incentives to commercial size solar thermal or geothermal systems. The program is designed to incentivize the construction of non-residential solar-thermal and geothermal heating systems and provides rebates up to \$200,000. The rebates are based on the size of the systems and are generally designed to cover approximately 30% of the total cost of the project. http://greengrantdelaware.com/green-grant-solar-hot-water-and-geothermal/
Energy Efficiency Investment Fund (EEIF) for Non-Profits	EEIF for Non-Profits Program provides incentives for investments in energy efficient equipment and helps non-profits decrease operating costs, reduce energy consumption, and improve environmental performance and comfort. Program provides information and prescriptive incentives to help non-profits install high efficiency natural gas heating and water heating equipment, energy efficient lighting improvements, vending improvements, and more. Program also offers incentives for energy assessments, and custom incentives for unique energy efficiency projects that do not qualify for a prescriptive grant.
Net Zero Energy Manufactured Home Program	The SEU has contracted with Vermont Energy Investment Corporation (VEIC) to administer the program and is partnering with Milford Housing Authority to implement the program and Beracah Homes to construct the Net Zero Energy Manufactured Homes (NZEMHs) with incentives and low-interest loans to be provided by the SEU for income eligible Delaware homeowners to purchase these NZEMHs. The program goal is to construct 25 net zero homes in three years.
