FOR THE RFP FOR STATEWIDE ORTHORECTIFIED IMAGERY, ELEVATION DATA, AND LAND USE/LAND COVER DATA FOR THE STATE OF DELAWARE

1. Section IV, Paragraph C.2.a. (Page 16)

Text: Responsiveness (Degree of fit to the needs of the project)

Question: Please clarify the definition of Responsiveness

Answer: This criterion refers to the extent to which the proposal submitted will meet the needs of the state as outlined in the Request for Proposals. As noted in the introductory language of the Scope of Services (Page 2), “the ideal respondent will propose a single project to complete all three activities.” The State would prefer to undertake a single project to meet all of the objectives outlined in the RFP, but will consider proposals that address only single elements.
